

## **Gorilla Logic Now Adobe® Solution Partner**

*Partnership Further Affirms Gorilla Logic as Top-Tier Provider of Adobe Flex Resources and Solutions, Including FlexMonkey*

**Broomfield, CO – September 17th, 2009** – Gorilla Logic, the firm known for delivering enterprise application development resources with a 10X productivity and quality benefit, today announced they have been certified as an Adobe Solution Partner. Combined with Adobe Certified Trainers on staff, as well as Agile Scrum Masters, the certification validates Gorilla Logic’s position as a premier provider of enterprise Adobe Flex application development solutions.

“Gorilla Logic is a leading company in the rapidly expanding Adobe Flex market,” said Jon Rose, Adobe Flex Technical Lead and Creator of [Drunk on Software](#). “Becoming an Adobe Solution Partner adds to our already impressive list of Flex accomplishments, including development of the premier automated, open-source testing solution for Adobe Flex applications, FlexMonkey - <http://flexmonkey.gorillalogic.com>.”

Gorilla Logic specializes in providing industry leading development experts to a wide range of clients focused on ensuring the highest level of quality and performance in their enterprise applications while at the same time managing risk and development costs. Able to deliver experienced developers with mastery in mobile device application development, Adobe Flex, Java, and Agile methodologies; Gorilla Logic delivers complete enterprise application development solutions.

“Becoming an Adobe Solution Partner is another validation for our clients and the market regarding Gorilla Logic’s commitment to further advancing our status as Adobe Flex industry leaders,” said Stu Stern, CEO, Gorilla Logic. “As we have demonstrated to date, our ability to provide top-tier, ‘gorilla’ resources and teams to clients, in addition to our mastery of Java, Agile and testing, is unparalleled.”
